State Department
of Public Safety
Plan of DirectorApproved by Gov. Green;
Would Abolish State
Board of Paroles

Springfield, Ill., Feb. 21—(AP)—Governor Dwight H. Green approved today a plan to abolish the board and pardons and paroles and set up a new state department of public safety whose director would have final parole authority.

The governor said in a statement that the reorganization plan, which would create an eleventh code department consolidating all state crime-fighting agencies, should "bring greatly increased efficiency in the prevention and punishment of crime."

Governor Green accepted in full a drastically revised parole plan recommended to him by a special committee headed by Rodney H. Brandon, state director of welfare. The plan will be submitted to the legislature.

Parole powers would be taken from the present nine-member parole board and placed in the hands of a board composed of the superintendents of five divisions within the department of safety, Brandon explained.

The new parole authority would consist of the superintendent of prisons, superintendent of paroles, superintendent of parole supervision, the superintendent of crime prevention and the state criminologist.

Last Word Director's
This group would act on all parole applications but their decisions would be subject to the veto of the director of public safety.

"Instead of having men on the parole board who know nothing about criminals or crime prevention and got their jobs largely because they were influential in getting votes for political parties, we would have men who from day to day are in contact with various aspects of crime prevention," Brandon said.

The plan, Brandon said, was in his opinion more "humanitarian" than that now in effect.

"Instead of allowing in their cells waiting for the fateful hearing, prisoners will have their records studied and recommendations for parole based upon the regular routine visits every month of the professional criminologists and psychiatrists."

Criminologists on the staffs of the state prison would assist and advise the new parole board, Brandon added.

Outline Submitted
An outline of the proposed revision already has been submitted to the Legislative Reference Bureau to be drafted into bill form for submission to the legislature.

Besides Brandon and Finkle, members of the committee who submitted the recommendation to the governor are Werner W. Schoeder, Republican national committeeman and one of the authors of the present Illinois administrative code; T. P. Sullivan, superintendent of state police and of the Bureau of Criminal Investigation; and Walter A. Rosenfield, director of public works and buildings.

Provides Consolidation
All state agencies having to do with the prevention and punishment of crime would be consolidated under the safety department under the plan outlined to the governor last night.

Brandon said the department would embrace the parole system.

Polo Boy Injured in
Accident at Rockford

Joseph Plum, 11, rural route two, Polo, suffered painful lacerations to the head when the automobile in which he was riding was involved in a four-car accident at Oak and South 2nd streets at 2:10 p. m. in Rockford yesterday.

The boy was riding in a car driven by David Plum, 35, rural route two, Polo, which was traveling north on South 2nd street when it collided with a car driven by Elmer Bowder, 28, 1122 Lincoln avenue, Rockford, who was driving west on Oak street.

Plum, who was booked at police headquarters on a charge of failure to yield right-of-way, told police he thought the "slow" signs on Oak street were stop signs and that he expected the westbound car would stop.

Bowder was booked at police headquarters on a charge of driving a car without a 1941 state license.

The boy received treatment at a doctor's office.

Hostesses Named
for Chanute and
Camp Grant Today

Chicago, Feb. 21—(AP)—Selection of three hostesses to serve at Chanute Field, Rantoul, Ill., and two at Camp Grant, Rockford, Ill., were announced today by Brigadier General Charles H. Bone-steel, commander of the Army's Sixth Corps Area.

Six other hostesses named earlier are on duty at Fort Sheridan, Ill., and Fort Custer, Mich.

The Camp Grant hostess staff will be headed by Mrs. Margaret Graham Lindsey, 49, of 872 Pine Street, Winnetka, Ill., who had similar experience during the World War. The chief hostess at Chanute Field is Mrs. Bertha Haven Francis, 48, of 715 Michigan avenue, Urbana, Ill., a sorority chapter on the University of Illinois campus.

Assisting Mrs. Lindsey at Camp Grant will be Miss Margaret J. Hanchett, 29, of 327 North Church street, Rockford, Ill.

The junior hostesses at Chanute field will be Miss Audrey Callender, 32, of 1213 West State street, Jacksonville, Ill., and Miss Wren Barbe, 28, of 412 First avenue, Sterling, Ill.

Mrs. Lindsey, who has wide experience in social service work, was a canteen worker with the American Expeditionary Force in France during 1918 and 1919. After the armistice she was in charge of Y. M. C. A. hut No. 7 at Geni-camp, France. She is a native of Joliet.

Native of Rock Falls

The widow of an army officer, Mrs. Francis was born in New Lenox, Ill., attended high school in Joliet and the Loring school in Chicago. For the past six years she has directed activities at the Alpha Xi Delta house at the University of Illinois.

Miss Hanchett, born in Rock Falls, Ill., is employed as a receptionist in the office of the construction quartermaster at Camp Grant. She was graduated from Western Illinois State Teachers college, Macomb, where she majored in physical education, educational psychology and sociology. She has been a recreation supervisor for the federal recreation department, a director of the Iowa City, Iowa, recreation council and a teacher at Havana, Ill.

A native of Zanesville, Ohio, Miss Callender majored in physical education and recreation at the University of Michigan and Ohio university, where she was awarded her master's degree in 1938. She has been in Y. W. C. A. work in Zanesville, and Washington and an instructor at Butler university and in the Athens, Ohio, high school.

Miss Barbe was born in Fairmont, W. Va., where she attended Fairmont State Teachers college. She is general secretary of the Sterling, Ill., Y. W. C. A. She holds a degree from the Baptist Missionary Training School, Chicago.

War Department Has
Plans for Shelters in
All American Cities

St. Louis, Feb. 21—(AP)—The war department was disclosed today to have completed detailed plans for the construction of bomb shelters in cities and the protection of civilian populations against poison gas.

Daniel W. Hoan, associate director of the national defense advisory commission's division of state and local cooperation, made the report at a regional meeting of the U. S. conference of mayors. Hoan, for 24 years mayor of Milwaukee, said the war department's work in preparing a comprehensive program of civil defense had not been publicized because "of the danger of stirring up unnecessary and harmful hysteria."

In the matter of bomb shelters, he said, since it is our hope that we may avoid war entirely, any general construction along this line might lead to the opposite inference.

Two Bright Spots
Appear in Defense-
Labor SituationsStrikes at Milwaukee and
Niagara Falls Near
Settlement

(By The Associated Press)

Hopes brightened today for speedy settlement of the month-long strike at the Milwaukee plant of Allis-Chalmers Manufacturing Company, which holds \$45,000,000 in national defense orders.

Company negotiators announced last night their acceptance of a strike-settlement formula offered by the office of Production Management in Washington, D. C. The agreement remained to be acted upon by the C. I. O.-United Automobile Workers, representing 6,500 striking workmen.

Arbitration of disciplinary matters was the principal stipulation in the agreement prepared by the Production Management office.

Another bright spot in the defense labor picture was a reported tentative agreement to end a strike of 400 employees of the Vanadium Company of America plant at Niagara Falls, N. Y.

Big Michigan automobile factories felt repercussions of the strike of 2,500 employees of the Motor Wheel Corporation at Lansing, Mich., called February 13 by A. F. of L. United Automobile Workers who sought a closed shop.

Auto Plants Affected

The automotive division of the Packard Motor Company in Detroit was shut down, making 7,500 idle.

Two Lansing, Mich., plants—Oldsmobile and Fisher body—resumed work after temporary suspensions last night. Fisher officials said a "slow-down" forced their short-lived shutdown and Oldsmobile was able to resume after Fisher body again began supplying with with bodies.

Factories of Cluett, Peabody & Company, which holds contracts to make army shirts, were closed by strikes at Troy, N. Y., and Atlanta, Ga.

C. I. O. steel workers at the Lackawanna, N. Y., plant of Bethlehem Steel began voting today on whether to strike in protest to the company's "indefinite suspension" of some 300 coke-oven employees.

C. I. O. United Automobile Workers struck yesterday at the Willard Storage Battery Company, Cleveland. The plant, with 700 employees, has a number of defense material sub-contracts.

Question Defense
Contract Lettings

Washington, Feb. 21—(AP)—The senate military committee today recommended a sweeping investigation of contract letting in the multi-billion dollar national defense program.

The committee sent on to the senate a resolution calling for appointment of a special committee of seven senators "to make a full and complete study and investigation of the operation of the program for the procurement and construction of supplies, materials, munitions, vehicles, aircraft, vessels, plants, camps and other articles and facilities in connection with the national defense."

The resolution, by Truman (D-Mo.), recommended that \$25,000 be given the investigators with broad powers to require testimony of witnesses and officials and conduct hearings.

One senator at the closed committee session said the only adequate vote was that of Chairman Sheppard (D-Tex.), who explained he wanted the investigation made by the military committee rather than a special senate committee.

"Next day I gave up my job and returned to London."

All that was three weeks ago, said the Mirror, and now the young man is facing trial on a desertion charge and the regulations concerning employment at royal homes have been tightened.

Reconciliation

Chicago—(AP)—Divorced eight years, Peter Dahlgren, 78, Mesa, Idaho, was re-married today to his former wife, Emma, 73, Elgin. The couple first was married in 1922 and obtained a divorce in 1933. A month ago Dahlgren came to Chicago to visit Frank Dahlgren, his son by a previous marriage in Sweden, and the latter effected a reconciliation. After a short visit in Elgin, the Dahlgrens plan to return to Mesa, where he owns an orchard.

Tense Far Eastern
Situation Thought
German-EngineeredMeanwhile Britain and
U. S. Increase Their
Forces There

Washington, Feb. 21—(AP)—The belief spread in some congressional circles today that the administration regards the tense Far Eastern situation as something made in Germany.

The administration, in the opinion of these legislators, has reason to think that Berlin has been exerting pressure to get Japan into the present war and then embroiled with the United States in the Far East in order to hamper the British aid program.

This interpretation of the recent abrupt turn of events in the Orient was one reason, it was reported, why the decision was taken to dispatch immediately a number of the latest army and navy planes to reinforce American air strength at Pacific bases.

When General George C. Marshall, Army Chief of Staff, testified yesterday at a secret session of the senate military affairs committee, one committee member said he left the impression that these were legitimate conclusions.

Marshall was said to have told the committee that he considered the situation in the Far East "serious."

President Displeased

President Roosevelt said today he considered the disclosure of what was intended to be secret testimony by Marshall as hurtful to national defense.

The president told a press conference that it raised a question of ethics, morals, and patriotism on the part of committee members and editors, publishers and broadcasters who printed reports of Marshall's testimony.

The chief executive said it was a question for the American people to consider. At the conclusion of lengthy questioning on the subject he said it was purely a voluntary matter, that he was not thinking about censorship, but that he was merely putting it up to the people as a nice question to think about.

Recall Statement

When Japan signed the three-power axis pact last September, officials here construed the alliance primarily as an attempt by Germany and Italy to create the threat of war in the Pacific and thereby impede the flow of American aid to Britain while at the same time allowing Japan freedom for "expansion" in Asia.

Two weeks ago, in an apparent answer to reported axis efforts to involve Japan in war with the United States, Roosevelt told his press conference that such a conflict would not reduce American help to Great Britain.

Roosevelt declared at that time, however, that he saw no danger of an American-Japanese war.

Roosevelt said today he was in agreement in the problem of ethics and he thought that the American people should be interested for the same reason.

Secrets Advisable

In times of world upheaval, he added, there were certain things regarding the defense of the United States that it was advisable to keep secret.

He emphasized it was only occasionally that it became necessary

First Speech by
Senator Brooks Is
Against Aid Bill

Washington, Feb. 21—(AP)—Carrying on the fight against the British aid bill, Senator Brooks (R-Ill.) declared today that it represented "a leap toward dictatorship" which would "involve us in active, personal, fighting participation in war."

Brooks, in an address prepared for senate delivery, said that senators could not shirk their responsibilities by giving President Roosevelt the powers contained in the legislation.

"The blood of American boys will be on your hands," he asserted. "The blood of America belongs to America, and to her defense to the last drop."

Senator Gillette (D-Iowa), also opposing the bill, told the senate that United States defenses now are "so inadequate that only by the utmost exertion and use of all our resources and ingenuity can we prepare for the future."

The British aid bill, he contended, would "further deplete" these defenses by permitting the transfer of existing war equipment and by channeling new production toward Britain and her allies.

Brooks, making his first formal speech in the senate, said he favored helping Britain "by giving them whatever we can spare out of our present production from now on—short of war." He said he would not "dissipate another ounce of the present inadequate defense of America."

The Illinois senator said he wanted Britain to win because he believed it would serve the best interests of the United States.

"She didn't do a very good job with her victory the last time," he declared, but added that "I would like to see her have a chance to try it again."

Instead of enacting the British aid bill, Brooks continued, the people should be encouraged to "turn to and build—build to defy any aggressors who might challenge our form of civilization in this hemisphere. x x x

"I would quit cringing in my boots as a coward, and stop telling the world I was afraid of Hitler. I would make this nation so strong that Hitler would never send a boat headed this way or I would prepare to sink them as fast as they came."

"No Fun To Fight"

Brooks said that he, his father and two brothers were in the World war and added that "there is no glamor, romance or fun for the men who fight."

"This bill is a war bill," he declared later. "It asks for the same powers that would be asked for if it were actually fighting and shooting, marching, defending our shore."

Saying that this country can not wipe out hatred or fighting in Europe, he added that "I don't regard it as the responsibility of the

American Bombers
Flown to Far East

Washington, Feb. 21—(AP)—The British embassy announced today that "aircraft are being flown" to its forces in the Far East from the west coast of the United States.

Although indicating that powerful bomber reinforcements were being sent to the British at Singapore, the embassy declined to give any further details.

"We can say nothing about the numbers, types, or routes of these aircraft," an official said.

The embassy statement followed reports that Consolidated and Lockheed bombers were being flown from San Diego to Singapore via Hawaii.

Some officials indicated the flight of Consolidated bombers was likely because they are large, long-range ships, but Lockheed spokesmen doubted whether their ships had enough range for the long over-water hops.

The British disclosed long ago they were buying four-motored Consolidated ships for long-range bombing duty.

For months they have been flying American-made warplanes across the Atlantic to England.

The War Today!

BY DEWITT MACKENZIE

The situation in the Far East remains tense and therefore dangerous, but there is hope that reason will prevail and that nobody will shoot until he sees the whites of his enemy's eyes, by which time shooting may not be necessary.

The chief deterrent to an upheaval at the moment, as I pointed out yesterday, is the firm attitude and preparedness moves of the United States. Japan's greatest fear is that we will be drawn into the conflict.

Thus it is legitimate for us to say that one of the most powerful defenses of Britain's great naval base at Singapore is America's moral and material support of the Anglo-allied cause against the axis, of which Japan is an appendage.

That fact should give some satisfaction to those who have the strange idea that John Bull is bearing on his broad back not only his own burdens of defense but all those of the United States. Uncle Sam doesn't need to apologize for the weight he is pulling and undertaking to pull.

The Tokyo newspaper Chugai today exposed one of Japan's greatest anxieties in connection with America's attitude. The paper said that "The United States is preparing to resort to economic blockade operations against Japan." That, it said, is fearful that we will place a wholesale embargo on all exports to her.

Such an embargo would be a fierce blow, since Japan is dependent on us for many of her absolute essentials, especially for waging war. Whether Washington might resort to such an extreme measure remains to be seen, but Chugai would seem to have a right to worry about the position. That embargo is the most powerful restraint we could employ against the Japanese.

It likely would be far more destructive, in fact, than any naval pressure which either Britain or America, or both of them combined, could bring to bear on the critical juncture when the European war is making such great demands.

Indeed, should Japan have any designs on Singapore and the Dutch East Indies (which she demands), she probably would get ahead with the job were it not for two things:—(1) The danger of that embargo and American involvement; (2) The certainty that unless the axis won the war Nippon ultimately would be called to account by an unencumbered Britain and her allies.

The Japanese have given no indication of particular concern over any possible offensive naval operations against her at the moment. Should she feel impelled to take the initiative and attack Singapore or the Dutch East Indies, however, the defensive strength of the British would be a matter of moment. Singapore is such a mountain of strength that even a small boy with an airgun could stand off a sizeable attack.

In this connection Tokyo has given evidence of worry over the possibility that the United States may send a squadron to Singapore. The latest striding of this stronghold has long been out for Uncle Sam to pull at any time he wanted to—or so it has been generally understood. Thus the basing of American warships there would not in itself be a belligerent action.

Another of Japan's anxieties is bombing. Her buildings as a whole are constructed of paper and flimsy wood, and a few sticks of incendiary bombs could destroy a city. At one time or another, as Russo-Japanese relations have been strained, the Japanese have been in terror of possible raids by soviet air forces only 600 miles away.

That thought, undoubtedly, is very much to the fore in Tokyo's mind in the efforts to establish friendly relations with Moscow. The air bases of other countries, even those of China, are so far away from Japan as to make bombing difficult, barring the possible use of the latest long-distance

County Council of Legion Auxiliary to Be Reorganized

The Lee County Council of the American Legion Auxiliary will meet for reorganization at 2 p. m. Tuesday at the home of Mrs. Edith Berga of Amboy, 13th district director. Election and installation of officers will be followed by reading and adoption of rules and regulations.

The purpose of the county organization is to synchronize the efforts of the individual units and add impetus to the accomplishment of major auxiliary objectives, increase membership and interest in some of the smaller units, and to organize new Auxiliary units throughout the county—a unit for every post.

The American Legion Auxiliary is one of the largest and most influential women's organizations in the United States, and assists the posts with luncheons, child welfare work, rehabilitation, community work, and aid to ex-service men in State hospital.

All Auxiliary members in Lee county are invited to attend Tuesday's meeting. The Dixon unit's caravan will leave the G. A. R. hall at 1:30 p. m. All members desiring transportation should be at the hall not later than that hour.

Busy Bees Give Party for Mothers

Busy Bee girls of the Presbyterian Sunday school donned formal dresses and were party hostesses last evening, entertaining at the church with their mothers as guests. The occasion was the group's second annual Mother-Daughter banquet.

Both appointments and program were in the patriotic motif, honoring Washington's birthday anniversary. Covers for 44 were arranged at tables festive with red candles, deep red roses, and miniature cherry trees.

Dorothy Fruin, president of the class, presided as toastmistress for the following program: "Toast to Our Country", the song, "America", with Miss Alice Thomson at the piano; piano solo, Marie Haefliger; "Toast to Our Church", Donna Jean Hutton; response, the Rev. Herbert Doran; reading, Joan Smith; "Toast to Our Sunday School", Jeanette Andrews; response, Henry Pollock, Sunday school superintendent; accordion solo, Dorothy Fruin; "Toast to Our Mothers", Beatrice Haller; response, Mrs. Doran; vocal solo, Betty Orr; address, Mrs. George Dixon; song, "Goodnight, Mother".

Bonquets were presented to Mrs. Dixon, and Mrs. George Iles, teacher of the class. Joan Ruben made the presentation in behalf of the hostesses. Betty Ross Simon expressed the group's appreciation for those assisting with the serving.

Pasteurized milk depots were inaugurated in New York City in about 1893.

TO ANN ARBOR

Miss Neva Coziar, who has been serving as operating room supervisor at Katherine Shaw Betha hospital, expects to leave about March 15 for Ann Arbor, where she has accepted a position on the operating room staff of the University hospital. She came to Dixon about a year ago from Peoria, where she was associated with the Methodist hospital.

Paw Paw Girl Is Bride of Mendotan at Compton Church

Miss Arlene Frances Pierce, youngest daughter of Mr. and Mrs. Wayne Pierce of Paw Paw, became the bride of Delphin Romer Schlesinger, son of the Edwin Schlesingers of near Mendota, in an impressive double ring ceremony yesterday afternoon at the Brooklyn Lutheran church, south of Compton. The Rev. L. J. Grosshans heard the vows at 2 o'clock.

Mrs. L. J. Grosshans presided at the organ for the nuptial service, concluding her selections with "The Bridal Chorus" from Wagner's "Lohengrin."

The bride's matron of honor was her sister, Mrs. Lois Politich of Sublette, and her bridesmaid was Miss Geneva Dixon of Detroit, Mich. Claremont Schlesinger served his brother as best man, and Harold Stephenitch of Sublette was groomsmen.

The bride walked with her father, who gave her in marriage. Seed pearls trimmed her gown of white broadest satin, designed with a sweetheart neckline, leg-of-mutton sleeves, and a long train. Her veil of illusion was held to her coiffure by a tiara of seed pearls, and she carried calla lilies, baby's breath and freesia in an arm bouquet.

Mrs. Politich was dressed in blue chiffon with matching blusher veil and a silver tiara. Miss Dixon was also wearing a silver tiara with her pink chiffon dress and matching blusher.

Joline Erbes of Sublette, as her aunt's little flower girl, was dressed in pink net over satin, with a veil to match. Otto Stephenitch, Jr. of Sublette carried the rings on a pillow of white lilies. Ushers were Lero Friedlen and George Yost of Mendota. Both Mrs. Pierce and Mrs.

FIFTIETH YEAR

The George Wagners will celebrate their golden wedding anniversary on Tuesday at their home in Ashton. They have announced open house from 2 to 4 p. m. and at 6 o'clock, a turkey dinner will be served for the family.

The Wagners were married at the home of the bride's parents, the George Sandrocks, of Reynolds township. They went to housekeeping on a farm in Bradford township, residing there until moving to Ashton 24 years ago.

Schlesinger were attired in navy blue, with shoulder corsages of freesia.

A wedding dinner was served at Orsinger's Tea room in La Salle. Last evening, about 500 friends honored the bridal pair at a reception in the Community Hall at Sublette. Billy Kolbusch's ten-piece orchestra played for dancing.

Pink, blue and white appointments trimmed the refreshment tables, with miniature bridal couples as the centerpiece. Assisting at the reception were Mrs. Richard Jones, Mrs. Everett Lamps, and Miss Lucile Spears of Mendota, and the Misses Edith Urish and Emily Novak of Paw Paw.

Afterward, Mr. Schlesinger and his bride left on a three-week motor trip to California and Mexico. When they return, they will be at home on the Schlesinger farm, and the bridegroom's parents will move to Mendota.

The bride, a graduate of Paw Paw high school, has been employed in the office of Dr. S. C. Fleming for the past two years. Mr. Schlesinger was graduated from Mendota high school, and has been farming with his father.

First regular shipment of milk by rail was made in Orange county, New York, in 1841.

Miss Buchanan Is New Head of Dixon Wa-Tan-Ye

Miss Mary Alice Buchanan, remedial teacher at the South Central grade school, is the new head of Dixon Wa-Tan-Ye, who met last evening at the Loveland Community House for their annual election. Miss Buchanan succeeds Miss Helen Nagle as president of the service group.

Other officers named last evening were: Vice president, Miss Martha Meppin; secretary, Miss Milla Wohnke; treasurer, Miss Ethel Crawford; board members for two-year term, Miss Savilla Palmer and Mrs. Jessie Purtsfield; board members for one-year term, Mrs. D. C. Bryant.

The business meeting was preceded by a 7 o'clock dessert course served by Mrs. D. C. Bryant of the February hostess committee, assisted by Miss Nagle and Miss Frances Patrick. Table appointments were in keeping with the Washington anniversary motif.

Service projects of the past year have included the following contributions: \$5 to the Girl Scout camp; \$2 for a children's trophy awarded at the Lee County Horse Show; \$5 to Boy and Girl Scouts; \$5 to the Red Cross; \$12 to the Red Cross relief fund and \$10 to the Goodfellows. Last evening, the group voted to contribute \$200 to furnish a five-bed ward in the new addition at Katherine Shaw Betha hospital, and to provide three magazine subscriptions for Company A at Camp Forrest.

The Misses Retta Jean Keithley and Grace Koeppel are to assist Miss Wohnke compile a chapter scrapbook. Miss Lucile Stauffer submitted the report of the nominating committee.

Honor Brother of Dixon Woman

Mr. and Mrs. L. G. Yenerich have returned from a visit of several days with relatives and friends in Chicago. They were among out of town guests attending a banquet given by the faculty of the University of Illinois College of Dentistry, honoring Mrs. Yenerich's brother, Dr. G. Walter Dittmar, who has become professor emeritus after 42 years of teaching in the college.

Dr. Dittmar, who is credited with making many contributions to dentistry, is a past president of the Chicago Dental society, the Illinois State Dental society, and the American Dental society. He is still active in dental organizations, dental practice, fraternity and alumni associations.

HAYNES HOME IS PARTY SCENE

Mrs. Arthur Haynes of Adelheid Park was entertaining fifth and sixth grade girls of the Loveland school yesterday afternoon for the pleasure of her daughter, Barbara. Mrs. Cora Olds assisted Barbara's mother with the party plans, which included games of bingo, and truth and consequence.

Refreshments followed the games. Favors were balls and jacks.

LUCKY THIRTEEN

Mrs. Wayne Baker invited members of the Lucky Thirteen birthday club to her home for games of buncie Tuesday evening. Mrs. Ernest Houden was the special guest. Mrs. Ernest Morris, Mrs. Glen Shaver, and Mrs. Kenneth Knapp received the favors.

TESTIMONIAL DINNER

In our mail bag this morning was an invitation to attend the "Jim" Trees Testimonial Dinner on the night of April 2 at the Masonic Temple in DeKalb when friends and players under Jim will gather to pay tribute to a "Grand Guy." Invitations have been sent to more than 500 former students and friends of the DeKalb coach who is ending his coaching career at the end of this season. A complete program for the evening has been arranged by Harold D. Anderson, captain of one of the first championship eleven which Jim coached, and by Reino Nori, one of the best known athletes to perform for Trees during his regime. Invitations have been mailed to all squad members during the 11 year period, coaches, officials and sports luminaries in the area who know the DeKalb coach well.

DIXON HIKING CLUB

The Dixon Hiking club which declares it is organized "for your profit and use" will conduct a hike westward toward Nelson Sunday, and will meet at the Post Office between 1:30 and 2:00 p. m. The members state that "the exercise and good fellowship will add years to your life."

SPECIAL BOWLING MATCHES

Sunday will bring another big program of special bowling matches here and a couple of out-of-town events for local teams. At 1:30 the Goernsens Recreation of Chicago will roll the Williams DeSoto of Dixon here in a feature attraction. At 2 o'clock the Harmon team meets the Sweeney Farmers of Sublette. Also at the same hour the Plum Hollow team meets the Germania club of Freeport and the Rainbow Inn men of Dixon have a return match with the ladies. In out-of-town matches the Strub & Schultz team goes to West Brooklyn for a match at 7:30 and the Dixon Recreation rolls the Mt. Morris team at Freeport at 8 o'clock.

"SLATS" LEAVES FOR ARMY SERVICE

Kenneth "Slat" Hasselberg, known in Dixon for his basketball, softball and bowling talents, was scheduled to leave this morning for army duty. Slat, a popular young athlete, will be missed on several local sports teams. What will they do for a first baseman in softball this summer?

STATE HOSPITAL WINS

The cagers of the Dixon State Hospital last night routed the Reynolds team, 36 to 26, in a "practice game" on the colony court. Leading the winners was Windmiller with a total of 14 points. Kerley and Page each made eight points for the visitors. Other members of the Reynolds team were Callahan, Phillips, Cox and Shires Miller. The latter, by the way, claims distinction as a baseball player but also showed he could play basketball as he totaled five points.

CONTRACTS RENEWED

Contracts of blond Bill Craig, athletic director and basketball coach at Belvidere and Victor Baumgartner, who handles sophomore basketball and varsity football, have been renewed by the Belvidere board of education.

RIFLE MATCH TONIGHT

Dixon's rifle club, now third in the standings of the Rock River Valley League, will go to Belvidere tonight (at the same time the high school cagers are busy at the same city) for a league match. In second place in the league scoring to date is Clarence Hill of Dixon with 289 3-4. Paul Barnizer of Dixon is also among the high scorers with 287 1-13 and Jack Towns of the local team has 285 5-10. Dixon is third in team averages with 1,428 7-12. Leading the circuit is Rockford with the Lena club in second place.

CONFERENCE LEADER

Wayne Spenader of Mendota is still leading the scoring of the North Central conference with a total of 131 points for an average of 14.5 points per game. Complete totals will be published soon after the conference season ends. These will include field goals, free throws and fouls for each player in the circuit.

TO SHOW 'EM HOW IT IS DONE

It is reported that several grade and high school coaches of this neck of the woods will bring their teams to Dixon to see the Globe Trotters perform here against the Knacks next Thursday night. The Negro professional team is recognized as a stellar outfit which handles the ball with perfection and the lads may pick up a pointer or two which will help them, come tournament time.

ICE SKATING IS GOOD

Rol Doty, manager of the lodge at the White Pines state park, reports that the ice skating on the lagoon is now very good. Doty has worked hard all winter grooming the rink, only to have Old Man Winter "take a powder" and leave suddenly on short trips. His absence has ruined skating for quite some spell, but in a late season blast he once again bids for your favor.

THEY WANT TO SEE THE GLOBE TROTTERS

Due to the Globe Trotters-Knacks basketball feature here next Thursday night, the bowlers of The Telegraph and Cahill's Electrics may roll their league match on Tuesday night at 9 o'clock. Tickets for the Globe Trotters appearance here are selling like the proverbial hot cakes. This morning President Walter Knack called the members of the Chamber of Commerce, sponsors of the event, into session to discuss matters of promotion.

TICKET SALES ARE BRISK

Reports from Sterling, host city for the regional basketball tournament, have it that the sale of tickets is already brisk and the warning has been issued that there is no question but what every ticket will be sold and standing room may be at a premium. Dixon fans may obtain tickets by calling the local high school.

WATCHING THE PROPHETS

Dixon cagers and fans have their ears to the ground these days for rumblings from the camp of the Prophetstown players for from their fair comes indications of what Dixon's tournament assignment may be like. Tonight the Prophets meet Sterling Community in the latter team's last home game. The invaders are the only team outside of Sterling and Rock Falls which has won over the Community team this season. On Dec. 20 the Prophets won, 26 to 22. Since then the visitors have developed into a high scoring team and the excellent thing about it (for them) is that there are enough good shots on the squad so that at least one or two of them are always open for a shot.

ON TOUR

Bert Cummings, manager of the Knacks attended the basketball games at Amboy last night and did a little drum beating for the Globe Trotters' game. Bert is now starting on an extensive tour of the neighborhood with hallyhoo for the big event of next week.

THE LITTLE DEERS

Workmen coming from Camp Grant to Oregon have seen a peculiar sight on the flat stretch north of the resident of Mr. and Mrs. Harry Spoor, a mile north of Oregon. As they came along the highway a herd of ten wild deer came up from the river where they had crossed on the ice and walked across the flat, hurling the fences and taking refuge in the timber on the west side of State Highway No. 2. Several cars stopped and travelers watched the herd.

ROUND-UP TEAM STILL LEADING THURSDAY LOOP

Flash Fordham, Ed Uebel Roll High Series in Bowling Last Eve

Add to your list of the world's mistreated people the bowlers who lose games by one to thirteen pins partly because some gunk doesn't shoot its average. Just when the Telegraph pinners were about to break out in a rash in their own newspaper, they kerpunked two games by narrow margins to the second-place Sparky Fenders. But the match was not without its heroes: Ed Uebel of the journalists counted a 560 series for second high score of the evening as he paced his mates and Jimmy Noakes spilled 'em for 535 to lead the winners.

Round-Up Wins

Still leading the league are the kerglers of the Round-Up who last night won two games from the Candy Box. Leading the winners was Brabazon with a 482 series and Schrock counted 496 for the sweets shop team.

Reynolds wire swept the series from Coss Dairy with Flash Fordham rolling high series of the evening with 203-181-189 for 576. Topping the losers was Bones Carlson with a 535 count.

National Tea also won three games last night as they despatched the Cahill's Electrics. Leading the winners was Court-right with a 551 count and Gehant paced the losers with 505.

No records were broken last night; high games included those of: Courtright 208; Fordham 203; Uebel 210; Noakes 213.

Gehant Bankers of West Brooklyn Win Match Game Here

In a special women's bowling match at the Dixon Recreation last night the Gehant Bankers of West Brooklyn defeated the Chacon Royal Blue team, 1938 to 1804. Leading the winners was A. Gehant with a 441 series while M. Hampton counted 475 to pace the losers.

Dodgers May Win If Bosses Don't Come to Blows

By GAYLE TALBOT
Havana, Feb. 21—(AP)—Most of the newspapermen who travel with the Brooklyn Dodgers would pick them to win the coming National League race in a minute if they were sure that President Larry MacPhail and Manager Leo Durocher, who are a pair of talkative and temperamental gents, could go through a hot finish without coming to blows.

Though Leo is Larry's hand-picked pilot, they seldom agree on anything without a violent and profane argument. Some of the Dodgers' biggest deals of the past year were made at Durocher's insistence and over MacPhail's strenuous objections—and vice versa.

It is, to say the least, a unique arrangement for running a ball club. Some of the boys are scared of it. MacPhail declares with some heat that it is the perfect system, fool-proof, and he has a pretty potent argument to back it up.

"Do you know how much we owed the bank when I took over the Dodgers?" he demanded. "Over a half-million dollars. And I walked into the bank last year and asked them if they wanted the last \$100,000 or if they wanted me to buy the Montreal club. They chose to buy Montreal. So how do you like that for a system?"

A Neat Dish

The obvious reply was that, off-hand, it looked like a very neat dish. But it was suggested that it might be more soothing to Durocher's managerial nerves if MacPhail didn't take quite such a big hand in running the Dodgers. The words were: "You must be a tough guy to manage for."

"What?" yelled our hair-trigger friend. "I'm the easiest guy in the world to manage for. I'll leave it to Leo if that isn't right. Isn't it, Leo?"

Durocher, who happened to be passing, grinned and said, "Sure, Larry," and went on about his business. Scout Ted McGraw also was challenged to deny it, and he wouldn't, either.

"Isn't it better for us to all get in a room about once a week and fight things out than for me to go around master-minding?" Larry demanded. "We're going to have a session about Sunday night, and if you'll stick around until then you're invited to attend. I'll guarantee you never heard anything like it."

Seconds the invitation. Durocher seconded the invitation, but uncomfortably, so it was decided to pass up the Dodge free-for-all. It is possible, moreover, to tell what this argument is going to be about without any confidences.

MacPhail wants to put the youngest team in the National League in the field and Charley Gilbert in center. Contrary to widespread opinion, Larry says, the club is in such solid financial condition now that it doesn't have to win a pennant this year, or even next.

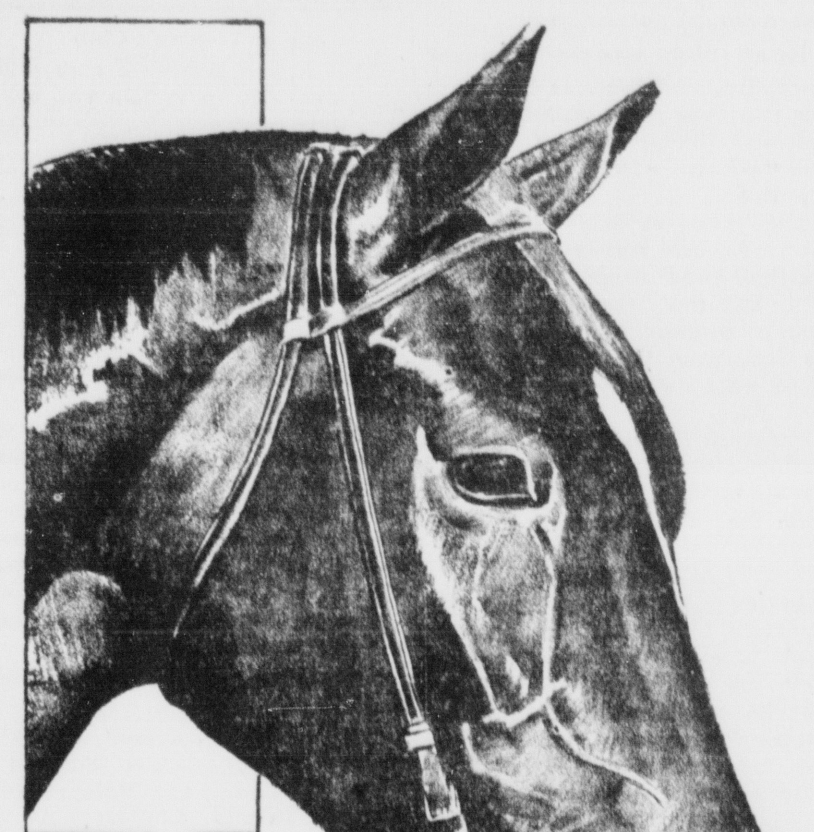

Durocher wants to win a flag now. If he decides that the veterans Paul Waner in right field and Dixie Walker in center might give him a better running start toward beating Cincinnati this year, then he is extremely likely to have them in there on opening day. He can be fairly obstinate, himself.

ASHTON AND LEE CENTER WILL CLASH FOR LEE COUNTY GRADE SCHOOL CAGE TITLE TOMORROW

GAMES LAST NIGHT
Franklin Grove 12; Steward 9.
Compton 19; Harmon 5.
Ashton 24; Amboy 12.
Lee Center 22; Paw Paw 10.

GAMES TOMORROW NIGHT
7:00—Franklin Grove vs. Compton (consolation).
8:00—Ashton vs. Lee Center (championship).

Ashton and Lee Center will meet tomorrow night at 8 o'clock in the high school gymnasium at Amboy for the 1941 county grade school basketball championship. This was made a fact last night when the eight teams participating in the event were narrowed down to four for tomorrow's show. No games are scheduled for tonight.

Last night the young cagers romped through their second round of games with sound and fury with 86 fouls called during the evening which tallied with the importance which the young fellows put on victory.

In the first game the Franklin Grove team, defeated by Paw Paw on Wednesday night, defeated Steward 12 to 9. High scorer of the event was Watson of the Grovers who counted six points.

Compton eliminated Harmon, 19 to 5 in the second game of the evening as B. Herrier rolled up 13 tallies for the winners with six field goals and one charity shot. His was the highest individual scoring of the evening's four games.

Climax of Evening

In the hard-fought Ashton-Amboy game the host club was eliminated, 24 to 12 in a furious fray. The Amboy boys missed all their 11 free throw attempts, and Fortney, their star player who made 10 points, was lost on fouls starting the fourth period. Amboy led all the way until that point of the game. Dominetta, another mainstay of the host team, followed Fortney out of the game soon after that and Amboy's scoring punch was gone. Leading the winners was Landis with eight points while Zager and Scott each made six points.

In the nightcap game the Lee Center team defeated Paw Paw, 22 to 10, as Jahn was high scorer for the winners with seven points and Jones made six for the losers.

Paul Potts of Dixon and Clark Bergunier of Franklin Grove are the tournament officials. The event is being sponsored by the Lee County Schoolmasters' club.

W. R. C. Meet
The W. R. C. met in regular session in the hall, Saturday, Feb. 15th with a good attendance of officers and members. Secretary and treasurer reports were read and accepted and placed on file. Our new member, Mrs. Hilda Walin, who lives in Chicago, was present. Mrs. Eva Miller was initiated into the Corps. Mrs. Charlotte Merrow who was also to be initiated was unable to be present. It was voted to give our local hospital a towel shower at our next regular meeting, March 1st. Mrs. Augusta Gewecke has invited all members to her home February 27 for scramble dinner. After the business meeting the Corps closed in form by giving the flag salute and singing of America.

Mrs. Mary Sharkey Funeral
Funeral services for Mrs. Mary Sharkey, 75, who passed away Thursday morning, Feb. 13, 1941 at her home on Metcalf avenue, were conducted Saturday morning at St. Patrick's church in Amboy and burial was in St. Patrick's cemetery in Mattoon. The pall bearers were Aloysius Hannan, Bernard Foley, LeRoy, Frank and Joseph Hannan and George Gugerty.

Mrs. Sharkey was the mother of nine children, three of whom preceded her in death. Those surviving are four daughters, Mrs. Anna Gillan of Cherry, Mrs. Kathryn Schultz and Mrs. Susie Chandler of East Grove and Rose of Amboy; two sons, James of East Grove and John of Amboy. There are also 37 grandchildren and 18 great-grandchildren and one brother, Peter Hannan of Moline, besides a host of friends.

Mrs. Sharkey was a loving mother and a good neighbor and will be greatly missed by everyone. She was preceded in death by her husband, Patrick Sharkey and three children, Charlotte in infancy, Mrs. Mayme Donovan and William.

The following from out of town attended the funeral: Mr. and Mrs. Harold Curran and Julia Ann, Mr. and Mrs. William Hannan and son of Sterling; Frank and Joseph Hannan, Thomas Foley and son Francis of Ohio; Mr. and Mrs. Bernard Foley of Rochelle; Mr. and Mrs. Edward McBride, Frank Buckley of Dixon; Mrs. Robert Brooks and Mr. and Mrs. Hugh Giles of Moline; Mrs. John O'Hare, Mrs. Leo Murtough, Mrs. William Anderson, Leroy, Aloysius, Mabel and Gertrude Hannan, Mrs. Jim Grady, Mr. and Mrs. Michael Foley, Mr. and Mrs. Clifford Kropp, Mr. and Mrs. Orville Schultz, Mr. and Mrs. Abe Piper of Ohio, Mr. and Mrs. Edward Donnelly of Dover; Edward Donovan of Mendota; Mr. and Mrs. Richard Gillan and family of Cherry; Mr. and Mrs. Earl Gillan, Earlville; Mrs. Tony Kryczek and LeRoy Pinter of Arlington.

"Double S" Club
In addition to holding their regular meeting on Tuesday, Feb. 18 at the home of Flavel Spangler, the members of the "Double S" club also enjoyed a delicious waffle supper which was served by the hostess. The forepart of the evening was spent in sewing, after which a short business meeting was held. One guest, Wynetta Jordan, was present.

Dinner Guests
Mr. and Mrs. Robert Cox and daughter, baby Sue Helen, and Mr. and Mrs. Howard Bedson and son Jimmie of Morris, Ill., spent Sunday as guests of the former's parents, Mr. and Mrs. Miles Cox.

Mr. and Mrs. Cletus Full and daughter Peggy of Dixon spent Wednesday afternoon visiting in Amboy with relatives.

New Grand Detour Bridge This Year Not a Certainty

Type of Structure is Not Determined Nor Are Plans Drawn

Included in the program of activities for the 1941 season being developed in the district highway division offices in Dixon, is a draft of plans for the new bridge spanning Rock river at Grand Detour. All of the soundings in the bed of the river have been made and the necessary new right-of-way for the approaches on both sides of the river has been secured and releases signed.

Plans for the new structure which it is expected will be constructed during the coming summer, are now being prepared. Lee and Ogle counties secured the releases to the new right-of-way several months ago. At the local highway offices today it was stated construction of the new bridge this summer was uncertain and that at present, the type of structure had not been determined. It had been reported that the new structure would be built of concrete, but later it appeared possible that a steel structure resting on concrete piers might be decided upon.

Editor E. D. Landers of the Ogle County Republican at Oregon in his current issue, indicates that the work of constructing the new bridge will start this spring, and gives an interesting account of the present Grand Detour bridge structure, which follows:

History of Old Bridge
The present bridge was completed in 1901 and was thrown open to travel on Tuesday, June 4th of that year amid much celebrating. It cost \$60,000 which forty years ago was considered quite a chunk of money, however in this present day of New Deal planning thousands expand readily into millions, millions to billions, and so on without end.

The history of the quaint little village of Grand Detour, nestled in a bend of Rock river has been printed many times, so that will not be necessary again, but bear this one point in mind; when the Chicago and Northwestern Railroad built its line six miles distant through Dixon, Grand Detour was left high and dry with no rail facilities, and but little possibility of ever having such. As a result Grand Detour began to suffer a decline, and then when the Grand Detour plow factory moved out, it left quite a hole in the little village. Prior to the building of this bridge, traffic was carried across the river on a ferry.

The bill for permission to construct the Grand Detour bridge was introduced in the state legislature by Senator Delos W. Baxter of Rochelle and Representative J. A. Countryman of Lynville, was pushed through finally and signed by Governor John R. Tanner.

On the day of the formal opening the Ogle county supervisors and county officers made the trip to Grand Detour in carriages, and were guests of Supervisor and Mrs. C. W. Johnson at a feast. The dinner centered around roast turkey and the hungry solons did justice to it. After dinner Jerome F. Cox called upon the following for short talks: F. M. Johnson, Frank A. Fychaner, Samuel J. Parker, Johnson Lawrence, Judge Frank E. Reed, S. W. Crowell, C. W. Sammis, Co. Supt. of Schools, J. M. Piper, R. C. McClure and C. W. Johnson.

The Dixon and Lee county officers came up the river by boat and landlord Sheffield of the Sheffield hotel had a royal feast waiting for them. At two o'clock in the afternoon they all met at the bridge where a short program was held and the structure accepted.

The stone work for approaches and piers was done by contractor W. J. McAlpine of Dixon and the steel work by the Jacobs Company, Captain Frost and County Clerk J. H. Thompson of Lee county gave some reminiscences of the early days in Grand Detour, when they used to haul their farm products twenty miles to reach the village which was their trading point, and how they made wages in transferring flour by wagon from Grand Detour across to Peru on the Illinois river. Captain Frost stated that many of the early settlers raised money to pay on their farms by hauling grain from Grand Detour to Chicago and bringing back a wagon load of iron for the plow factory.

RABBIT UPRIISING
Konstantz, Switzerland —(AP)—Swiss militiamen of Thurgau have been given a chance to prove their marksmanship on hordes of rabbits filling fields and forests. A ban on hunting because of fear that a stray bullet would cause a border incident had given the prolific rabbits a chance to increase to the point where they were a nuisance.

STATE "PRESIDENT"
Under the first constitutions of the states of Delaware, New Hampshire, South Carolina, and Texas, their chief executives were known as "presidents."

Idaho is the nation's second largest producer of lead and ranks third in zinc.

Library Makes Request

In April of this year, the Flag Township public library will celebrate its fiftieth anniversary. As part of the commemoration, library trustees are planning an exhibit of Rochelle scenes of fifty years ago. They are very anxious to contact those who have pictures or other items of interest that might be used. They are also anxious to complete a file of high school yearbooks.

If you have anything of interest, please telephone the librarian, or any member of the library board.

Canadian Editor Doubts U. S. Can Keep Farm Program

Des Moines, Iowa, Feb. 21—(AP)—In the light of mounting preparedness expenditures, a Canadian editor today questioned the ability of the United States to maintain a farm program which already has cost "at least four billions".

G. V. Ferguson, Winnipeg Free Press managing editor, raised the question in an address at the opening session of the fifth annual National Farm Institute.

He contended in his prepared address that any farm program "that depends on national grants of that magnitude is bound to be in peril once national needs that are more urgent, become apparent", and added that "such needs have now appeared".

"It is apparent", he said, "that if we are going to pay hundreds of millions of dollars to farmers for millions of bushels of wheat that are, at this moment, needed by nobody, and that nobody wants to buy, we are going to retard and decrease the size of our military effort".

Ferguson said that the United States is trying to do something that no nation has ever successfully done:

"You are trying to prepare for total defense without damage to your normal way of life. It is as

BLAME YOUR LIVER IF—

If your liver doesn't secrete 20 to 30 ounces of bile every day into your intestines—constipation with its headaches, mental dullness and that "half-alive" feeling often result. So you see how important it is to keep bile flowing freely! And what finer aid could one desire than Dr. Edwards' Olive Tablets, used so successfully for years by Dr. F. M. Edwards for treating his patients for constipation and sluggish liver bile.

Olive Tablets are unsurpassed in effectiveness because they stimulate liver bile to help digest fatty foods, they tone up muscular intestinal action, at the same time help elimination. Being purely vegetable, Olive Tablets are wonderful! Test their supreme goodness TONIGHT! 15c, 30c, 60c. All drugstores.

sure as sunset that this is impossible. Something will have to give way".

Touching the same point in his prepared address on "the kind of an economic world we are facing", Davis commented:

"There is no possibility whatever that we can maintain, in a war economy, either business as usual or consumption as usual or that we can live in the style to which we were accustomed in a peace economy".

ABOUT METEORS
A million million meteors enter the world's atmosphere every year, according to scientists. Of these, fewer than 10,000 weigh more than half a pound. There is no authentic record in all history of a human being ever being hit by a meteor.

Governor Awaiting Report of Special Committee on Tax

Wants Figures Before Making Suggestion on Levy on Food

Springfield, Ill., Feb. 21—(AP)—Governor Dwight H. Green intends to delay action on his program to take the three per cent sales tax off food until he receives recommendations from a special 25-member committee he appointed recently to suggest reorganization of state and local taxation systems.

The governor told reporters in an interview that he expected a subcommittee would be appointed to study sales tax revision at the first meeting of the general tax conference scheduled for March 6.

The task of organizing the conference of prominent business, farm and government leaders has been delegated to Deneen Watson, young Chicago attorney and Republican leader.

The governor's statement that he would await the tax conference's recommendation before acting on his campaign pledge to lift the sales tax from purchases of food was the first he had made on the subject since his inaugural address in which he favored "every legal means" to revise the levy.

Not "Policy of Delay"

The governor also disclosed that he had asked legislative leaders to defer action on other tax proposals and suggested changes in the constitution in order that all such legislation be considered at the same time.

He said the request was "not a

policy of delay" but was made to prevent hasty action in changing tax laws or in proposing constitutional changes without considering "the situation as a whole."

The governor said he had not yet decided what his attitude would be on Senator Harold G. Ward's resolution to call a constitutional convention for a complete overhauling of the 1870 constitution.

The state budget, on which the governor is now working, must be considered when discussing new tax proposals, Green said. He added that present appropriation requests from state department heads now exceeded the appropriation of nearly \$500,000,000 for the current biennium.

"The requests are being trimmed," he added. "If they continued at the present rate the budget would be way up in the sky. Some-one's got to puncture their balloon."

SPECULATED

A wildcat oil operator who was always talking in terms of thousands of dollars, was greeted one evening by his eleven-year-old son, who announced:

"Well, Dad, I've sold our dog."

"Yes, for how much?"

"Ten thousand dollars."

"Ten thousand dollars! Let's see the money!"

"I didn't get the money, Dad," replied the son, "I got two five-thousand dollar cats for it."

ONE ADVANTAGE

"I see you raise hogs down here almost exclusively. Do they pay better than corn and potatoes?"

"Wal, they don't suh, but hogs don't need no hoein'."

Greeks Ask Help Before It's Too Late to Win War

Desire Planes From U. S.; Would Purchase Them if Possible

Washington, Feb. 21—(AP)—The Greek government, it was learned today, has made a second urgent appeal to the United States for help—particularly for warplanes—"before it is too late."

The result has been to start defense officials on a fresh canvass of available supplies in search of aircraft that can be spared to reinforce the Greeks in their struggle with the Italians.

Greece's renewed plea for the assistance promised by President Roosevelt some time ago reached here during the last several days. It arrived just before the signing this week of the Turco-Bulgarian non-aggression pact which may alter the Balkan status quo and exert a decisive effect on the military and political future of Greece.

Cimon P. Diamantopoulos, the Greek minister, conferred with Undersecretary Welles yesterday, but both refrained from statements on their talk.

Difficult Problem

The problem of finding planes for Greece is admittedly beset with difficulties, for aircraft factories already are loaded with orders for the army, navy, Britain and China. The question, however, was understood to be under study by the navy department and the National Defense Commission's priorities board.

In January, after the Greeks had tried everywhere without success to obtain new planes, the navy offered to make available 30 fighters from the aircraft carrier "Wasp". The Greek government, however, withheld a decision pending renewed efforts to secure newer and more heavily armed ships.

Would Buy Planes

The Greeks seek to buy the planes, it was said, and are still hopeful of securing them from manufacturers by inducing the army, navy, or Britain to waive priority rights.

Diplomatic sources reported, meanwhile, that Greece faced mounting difficulties under the severe strain of carrying on the war against an Italy six-times-as-big. Financing the war has proved a terrific burden, the reports said, and already the Greeks have spent or pledged their \$23,500,000 gold reserves in the United States for war supplies, foodstuffs and vitally needed raw materials.

Severe rationing is in effect, it was reported, and greatly reduced imports and distribution have created widespread hardships, and some undernourishment, especially among the poor.

ASCAP Consents to Stop Alleged Illegal Restraint

New York, Feb. 21—(AP)—Gene Buck, president of the American Society of Composers, Authors & Publishers, predicted today that the eastern members' approval of a decree ending the federal anti-trust action against the society would lead to "a complete settlement of the music situation in the United States."

"I honestly believe this," Buck told newsmen, but declined to say when or how the differences of A. S. C. A. P. and the National Association of Broadcasters over fees could be ironed-out. The dispute resulted in elimination of A. S. C. A. P. music from radio network programs last January 1.

The broadcasters showed no signs of being in a hurry to enter into negotiations with A. S. C. A. P. A statement by Broadcast Music, Inc., set up by the broadcasters as their own music source, said B. M. I. would give "careful study" to any consent decree signed by A. S. C. A. P. to ascertain its effect upon the decree to which B. M. I. consented January 27.

B. M. I. Will Continue

"A settlement by A. S. C. A. P. of its difficulties with the department of justice, however, will not remove the need for B. M. I.'s existence," the statement pointed out. "But it will emphasize the necessity of the continuance of B. M. I.'s position in the music field in order to maintain precisely the competition which it is the government's purpose to permit."

More than 700 of A. S. C. A. P.'s eastern members, representing a majority of the organizations, ratified unanimously by voice vote last night their board of directors' decision to consent to the decree, which would assess fines of \$24,000 against A. S. C. A. P. and require changes in its operation policies.

Buck planned to fly to California for ratification meeting of western members tonight at Beverly Hills.

Reorganization of Personnel of St. Charles Ordered

Gov. Green Acts to Prevent Recurrence of Tragedies, Escapes

Springfield, Ill., Feb. 21—(AP)—

Ordering the reorganization of administrative personnel at the St. Charles training school for boys, Gov. Dwight H. Green asserted that state police and trained prison guards would be assigned if necessary to "maintain discipline and prevent escapes" from the correctional institution.

The governor announced he had directed Rodney H. Brandon, welfare director, to set up "an entirely new system of personnel" with the aid of Harrison Dobbs, sociology professor at the University of Chicago; Barney Long, head of juvenile parole supervision; and Col. Frank D. Whipp, state superintendent of prisons.

As part of his reorganization plan, Green appointed C. W. Evans, former assistant superintendent of Decatur public schools, to take charge of academic and vocational education at St. Charles and Harold Johnson, former athletic coach at James Millikin university, Decatur, to direct the institution's recreation program.

Discipline "Disintegrated"

The fatal beating last week of James Williams, 16-year-old St. Charles inmate, by two attendants who were charged with murder, was cited by the governor as partly responsible for his action.

"In making these assignments we are taking every safeguard to prevent recurrence of such tragedies as the recent murder of a boy and to put a stop to the frequent escapes from the St. Charles school which have terrified that section of the state."

Charging that discipline at the school had "disintegrated" because of what he termed "unqualified political appointees and political pressure", the governor said he was asking T. P. Sullivan, superintendent of state police, and Colonel Whipp to "determine if there is necessity of manning the institution with trained guards and with men from the police force."

Plans Completed for Gov. Horner Memorial Service Next Wednesday

Springfield, Ill., Feb. 21—(AP)—

Governor Dwight H. Green and former Governor John Stelle are among speakers scheduled to participate next Wednesday in a joint memorial session of the legislature to be held in tribute to the late Governor Henry Horner.

Representatives of the Horner family will attend the program in the house chamber. Robert Straus of Chicago, cousin of the late chief executive, will be presented with an engraved copy of the assembly's resolution commending Horner for "more than a quarter of a century of unswerving fidelity to the highest ideals of true statesmanship."

A color guard of the Illinois National Guard will open the ceremony with presentation of colors to its former commander-in-chief. Taps will end the session.

On the list of speakers are Lieutenant Governor Hugh W. Cross, Speaker Elmer J. Schnackenberg, former Lieut. Gov. Thomas F. Donovan, State Senator Richard J. Barr of Joliet, and State Senator A. L. Marovitz of Chicago, who sponsored the resolution.

Former U. S. Senator James M. Slattery, an intimate friend of the late governor, also is expected to attend.
